Con l'utilizzo del modulo "D" è possibile realizzare sia una soluzione tipo banco, utilizzando il rivestimento FIT, sia la soluzione a pensile, utilizzando le cornici. Per realizzare una elegante esposizione enogastronomica, in aggiunta ai moduli per il vino, si possono inserire moduli neutri, salumeria e gastronomia.

With the use of the "D" module, it is possible to create both a counter-style solution, using the FIT cladding, and a wall-mounted solution, using frames. To create an elegant food and wine display, in addition to the wine modules, neutral, delicatessen, and gastronomy modules can also be incorporated.
